Let's Start!

Let's review!

Learning Outcome

Describe detailed facts about events or actions in work and social contexts, in written or spoken situations.

Ask your partner:

- What are some misconceptions that other people have about your country?
- What are some misconceptions you have had about other cultures?

Can Do Statements

- I can talk about myths and legends, culture and traditions.
- I can talk about past situations that happened, have happened or did not happen.
- I can report facts about events and actions.

Let's Explore!

You don't have to order **antipasto, primo and secondo***.

* "Antipasto, primo and secondo" are courses of an Italian meal.

Instructions: Read the text aloud.

Not all myths are about potions, charms and immortality. Some myths being passed on can center around everyday life as well. Take the Italian restaurant. What are you expected to order? An antipasto, a secondo and a dolce, perhaps? Will you be banned from the restaurant if you do not follow the etiquette? I have suspected some Italian restaurant organizations have bribed the writers who claim this as truth in guidebooks, but I had never encountered such nonsense when I was in Italy. If I had had such an experience, I would have been disappointed to say the least. Truthfully, I can say that in many years of traveling in Italy I have never ordered more than two courses in a restaurant and have never been given dirty looks. A customer being treated that way should, without hesitation, get up and leave. A server behaving so rudely is likely affiliated with those who paid the guidebook, in which case they don't deserve your patronage.

Before I started writing, I had thought quite seriously as to how this misconception arose. I discovered an explanation: In the U.S., your server comes to your table and graciously introduces himself by first name. The server smiling warmly tells you about his interests and daily life. Then he says imploringly, "Could I possibly interest you in a delicious appetizer?" However, the Italian server comes up to your table and quickly demands, "Per Antipasto? Per Primo? Per Secondo? Vino?" The server doesn't really care about what portion of the menu you decide on ordering from (in fact, unlike the American server, the Italian does not get tipped). However, if you have read the guidebook written to mislead you, you may think that you are expected to choose an item from each category. Nevertheless, don't feel pressured. Order exactly what you desire to eat. Doggie bags, however, are taboo.

Let's Practice!

Let's use some vocabulary

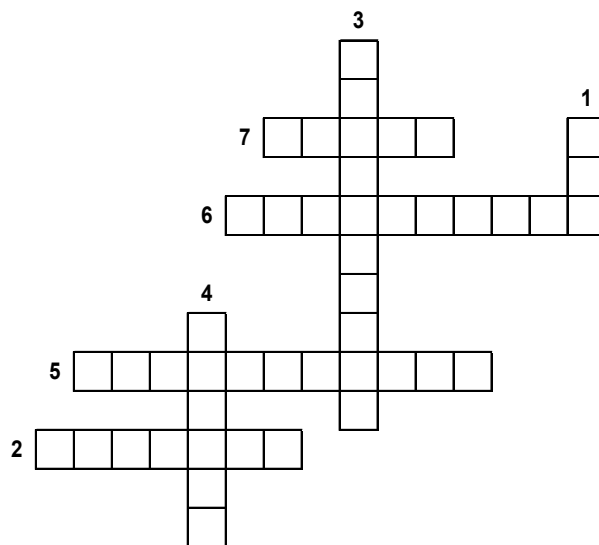

Instructions: Read the clues. Complete the crossword.

Down

1. to refuse to allow something, especially officially
3. pleasantly and politely
4. a liquid that is believed to have a magical effect on someone who drinks it

Across

2. a part of something larger
5. the state of living or lasting forever
6. a pause before you do something, especially because you are not sure
7. an object believed to bring good luck

Let's Practice!

Let's ban certain wrong ideas!

Instructions: Use the options from the word bank to correctly complete the sentences. Read the sentences aloud. Check your pronunciation with your instructor.

Word Bank

being passed on / server coming / visited / customer being treated /
ordered by the customer

1. A _____ that way should, without hesitation, get up and leave.
2. The _____ to your table, graciously introduces himself by name.
3. Neither server really cares all that much about the portions _____.
4. Some myths _____ are about social and cultural customs as well.
5. The restaurant _____ doesn't deserve your business.

Extension Activity

Write about a cultural myth.

Instructions: Complete the following steps. Fill in the Self-Assessment.

- On the Internet, research myths or assumptions about social behavior or culture. They could be about your country or something you have heard about another country.
- Make notes about the myth that you read about.
- Write a paragraph to summarize what you learned about the cultural myth.
- Present your myth to a partner or group.

Self-Assessment

Yes **No**

I research cultural myths on the Internet.

☐ ☐

I make notes about what I read on the Internet.

☐ ☐

I write a paragraph to summarize what I read.

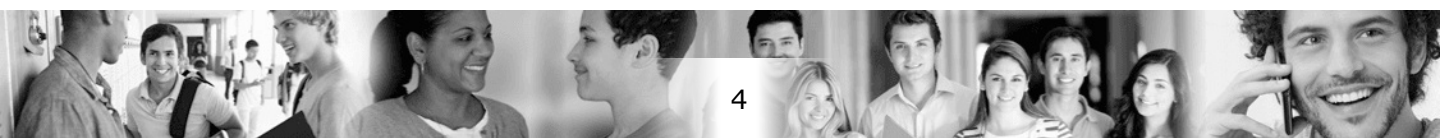

☐ ☐

I present what I learned to a partner or group.

☐ ☐

Target Words

- potion** (noun): a liquid that is believed to have a magical effect on someone who drinks it
e.g. Not all myths are about potions.
- charm** (noun): an object believed to bring good luck
e.g. Not all myths are about charms.
- immortality** (noun): the state of living or lasting forever
e.g. Do you believe in immortality?
- graciously** (adverb): pleasantly and politely
e.g. In the United States, a waiter graciously introduces himself or herself at the table.
- to ban** (verb): to refuse to allow something, especially officially
e.g. You are expected to order an antipasto, a primo, and a secondo at an Italian restaurant, and will be banned from the restaurant if you do not do so.
- hesitation** (noun): to pause before doing something due to nervousness or uncertainty
e.g. A customer being treated that way should, without hesitation, get up and leave.
- portion** (noun): a part of something larger
e.g. In the United States, portions are generally very large.

Learning Points

The Real and the Unreal Past: Simple Past, Present Perfect, Past Perfect Tenses

Let's compare the uses of the Simple Past, the Present Perfect and the Past Perfect tenses to talk about both real and unreal pasts.

Tense	Meaning/Use	Form	Example
Simple Past	To indicate a finished past action.	subject + past tense verb + object	<i>Before I started writing, I had thought quite seriously as to how this misconception arose.</i>
Present Perfect	To talk about a past action that has a connection to the present in some way.	subject + has/have + past participle	<i>I have never ordered more than two courses in a restaurant.</i>
Past Perfect	To talk about a past action that happened before another past action. To talk about an unreal past.	subject + had + past participle If + subject + had + past participle	<i>I had never encountered such nonsense when I was in Italy. If I had had such an experience, I would have been disappointed to say the least.</i>

Examples:

- I **discovered** an explanation.
- I **have never been given** dirty looks.
- I **had never encountered** such nonsense when I was in Italy.

Learning Points

The Participle Clause: Past, Present, Being + Past Participle

You can use participle clauses after a noun. This is the same way you use relative clauses. They add information about the noun.

Participle Clause	Meaning/Use	Example
Past	Used the way a Simple Past Passive relative clause is used	<i>You have read the guidebook written to mislead you.</i>
Present (verb + ing)	Used the way an active relative clause is used	<i>A server behaving so rudely is likely affiliated with those who paid the guidebook.</i>
being + past participle	Used the way a continuous passive relative clause is used	<i>A customer being treated that way should, without hesitation, get up and leave.</i>

Examples:

- A customer **being treated** that way should, without hesitation, get up and leave.
- The server **coming** to your table, graciously introduces himself by name.
- Some myths **being passed** on are about social and cultural customs as well.
- The restaurant **visited** doesn't deserve your business.
